

As parents and caregivers you are a huge part of this plan, you set the path for your child the moment you become a parent. We encourage you and your family unit to be a part of your children's educational journey, which starts early and at the Gloucester Learning Academy.

and empowered**

## ABOUT GLA

### GLA's Planning Structure

#### Observe

We observe your child while they are involved in their normal daily routine

#### Build

We build a connection with your child, and support their needs

#### Learn

We assess and understand your child's development and acceleration of growth

#### Plan

We plan to your child's level to ensure the support of their development

Each child attending the Gloucester Learning Academy will have an individual development plan, that will continue with them until they enter Kindergarten. Our goal is to introduce your child to a supportive educational environment that will promote a comfortable, structured, and solid path of learning.

### What You Can Expect

- 🐾 Constant communication between you and our teachers
  - 🐾 Assistance in understanding your child's plan, as well as their milestones and development
  - 🐾 An open door, you are always welcome to join us in your child's school day
  - 🐾 A report and portfolio on your child's plan
  - 🐾 Resources for you and your family, including parent info sessions
  - 🐾 A voice... nothing is more important than a parent's voice when it comes to their child.
- We want your ideas, your questions, and your engagement.**
